

## DFC project – Newsletter November 2008

Dear friends, dear DFC members

First of all a word from Ayman :

*I would like to thank you for your help .*

*With your help we begin , with your help we grow and with your help we make the dreams come true.*

*With your spirit we try to do something good to us and to others and with your spirit we are going to grow more and more, we try to give to the world as much we take.*

*Thank you*

*Ayman A. Mohamed – 2/11/08*

A few months ago we send you mail with some explanation about the DFC camp.

We proposed to support this project and : it was and is still a success !!

Last October we could already give **1.100 euro** to Ayman and Emam.

And today, there is in the meantime again already **540 euro** on the account. This money I will send this week to Ayman.

Ayman and Emam already put lots of money in the camp and there is still a lot to be done.

They were extreme happy with the money we could already give, it gives them a 'kick' to go on.

And for us too : beginning of October, we could help a little bit in the garden and we cleaned the camp before leaving. From the beginning of October till the end of October, we could see a big difference : vegetables are growing, palmtrees were planted, there came dried leaves around the camp, more carpets .... Everytime you come here you notice the difference.

Everybody felt 'home' and that's the idea of being in the camp : feeling home.

But, lots of you do not know where the camp is, how it looks like in the meantime ... So, here you will find some pictures from the beginning till now.

buying a piece of land – early 2007 -

Bahariya

April 2007 – a small building to have the electricity

April 2008 – a small building for showers, toilets and kitchen

April 2008 – preparing the land for agriculture

April 2008 – making the water pit

April 2008 – water pit almost finished

April 2008 – electric water pump

April 2008 – planting the first trees

Beginning Oct 2008 – showers, toilets,

kitchen

Beginning Oct 2008 – bathroom

Beginning Oct 2008 – kitchen

Beginning Oct 2008 – shower and toilet

Beginning Oct 2008 – bedouintent

Beginning Oct 2008 – the tent was made in

Marsa Matrouh

Half Oct 2008 – 28 palmtrees

Half Oct 2008 – cleaning the garden

Half Oct 2008 – the first aubergines

End of Oct 2008 – the hibiscus is almost ready for tea

End of Oct 2008 – some extra carpets for the tent

End of Oct 2008 – view of the camp from the

top of the hill

So, as you can see, already lots of work has been done.

And for the future :

- a second floor will be build above the bathroom and kitchen
- there will be a small museum with examples of what you can find in desert and with some books
- more palm trees and other trees
- ...

**With the help of everybody, we can make this camp as**

**SOMETHING SPECIAL FOR ALL OF US**
